UNRWA provides assistance, protection and advocacy for some 5 million registered Palestine refugees in Jordan, Lebanon, Syria and the occupied Palestinian territory, pending a solution to their plight. The Agency's services encompass education, health care, social safety-net, camp infrastructure and improvement, community support, microfinance and emergency response, including in times of armed conflict. Through these services UNRWA strives to help Palestine refugees achieve a decent standard of living, long and healthy lives, knowledge and skills and full enjoyment of human rights. These goals are formulated according to the UN criteria for human development.
